**Acquaintance:** Toman is an apothecary, one of Alton Stulwig's competitors. Deviris has befriended Toman, and does occasional odd jobs for him. He originally made contact when he learned that Toman's son had disappeared and was believed to have been abducted (Deviris suspects by Dyareelans). He also considers Toman a possible connection for illicit substances (primarily poisons) to be used against Dyareelans.

**Passion:** Deviris has a passion for Rankan court music. As a Nisibisi, he is somewhat embarrassed by his love for Rankan music, but he finds some of the melodies so enchanting and bewitching that he simply can't help himself. He has begun to play a violin-like instrument, central to some of the music he finds so alluring—and he longs to be able to produce the same mournful sounds he enjoys so much, but he doesn't have many opportunities to listen to or study Rankan music.

**Enemy:** On several occasions, Deviris has had run-ins with Madron Thalesh, an Ilsigi wizard from Sanctuary's Mage Guild. A rivalry has grown between the two, and Deviris and madron have both worked to foil the other's plans on several occasions.
